Transfer Recommendations and Notes:

*If not completed previously.

**Six (6) credit hours of *internship &/or research internship* are required for the Kinesiology & Health Promotion major. Up to twelve (12) credit hours may be completed and applied toward the program of study. Internship credit hours may be split across terms (e.g., fall/spring/summer) or may be completed in a single semester if coursework scheduling allows.

University of Wyoming Requirements include: Students must have a minimum cumulative GPA of 2.0 to graduate. • Students must complete 42 hours of upper division coursework, 30 of which must be from the University of Wyoming. • Courses must be taken for a letter grade unless offered only for S/U.

This is a guide for course work in the major; actual course sequence may vary by student. • Please refer to the online student degree evaluation. • Not all courses are offered every semester and some electives may have prerequisites. • Students should review the course descriptions in the University Catalog and consult with their academic advisor to plan accordingly.

Kinesiology & Health Promotion, BS

University of Wyoming

Transfer Recommendations and Notes (Cont.):

^Kinesiology & Health Required Courses

^8-9 hours if concurrently completing KIN 3010 & KIN 3021; 11-12 hours if not.

KIN 3034	Lifespan Motor Development	3	KIN 3037	Sports Psychology	3
OR¹			OR¹		
KIN 4020	Motor Behavior	3	KIN 3038	Exercise Physiology	3
KIN 3042	Biomechanics of Human Movement	3	HLED 3020	Community & Public Health ²	3

^Kinesiology & Health Elective Courses

KIN 3040	Teaching Human Anatomy ³	3	KIN 3050	Prevention & Care of Athletic Injuries	2
KIN 3052	Rehabilitation of Athletic Injuries	2	KIN 3058	Therapeutic Modalities Ath. Trainer	3
KIN 3060	Understand Skill Acquisition Teaching	3	KIN 4024	Physical Activity Epidemiology	3
KIN 4029	Methods of Training and Conditioning	3	KIN 4042	Applied Biomechanics ⁴	3
KIN 4056	Advanced Exercise Test Prescription ⁵	4	KIN 4062	Concepts of Human Aging	3
KIN 4090	Foundations of Coaching	3	KIN 4097	Mentoring Human Anatomy	3
KIN 4900	Concepts in Physical Therapy	3	HLED 4020	Food, Health, and Justice	3
HLED 4130	Mgmt. of Coordinated School Health	3			

¹One of two is required; other course may be taken as an elective

²May be taken prior to admission to the *Professional Program*

³Application and Instructor permission required.

⁴Pre-requisite KIN 3042

⁵Pre-requisite KIN 3010 & KIN 3021

For students pursuing the Therapeutic Science emphasis (e.g. medicine, physician assistant, PT, OT, optometry, chiropractic, etc.), ~16 credit hours of additional science/math elective coursework offered outside the Division of Kinesiology & Health is typically required. Students should meet with their advisor and/or the College of Health Sciences pre-professional advisors to determine which elective science/math course is required/recommended. Elective coursework should be included in junior/senior program planning based on student needs and course availability. Some science course are only offered one time per year (either fall or spring) so advance planning is recommend. Of the 16 additional science/math courses needed for students pursuing a Therapeutic Sciences emphasis, 6-9 credit hours may be applied as "Elective courses" in the junior/senior year coursework.

Therapeutic Science Elective Courses (Junior/Senior Years; Pre-requisite course for some pre-health professional programs; Academic advising recommended).
