NJCAA Student-Athlete
Code of Conduct

Introduction

The purpose of this contract is to set out the goals and objectives, regulations, policies and procedures of the NWC Athletic Program. It is intended to assure a systematic and efficient organization and operation.

NWC requires all student-athletes to demonstrate good moral conduct and ethical judgment which reflects favorably upon themselves, the college, and the NWC community at large. Student-athletes are subject to the policies and procedures as set out in this contract, as well as federal, state and local laws.

It is important to note that due to the high visibility and increasing public scrutiny of all athletic programs, student-athletes are expected to meet higher standards of personal conduct and appearance.

Expectations of Student-Athletes

NWC student-athletes have a responsibility to be students first, with the primary goal of earning a degree. Understand that personal accountability is the foundation not only of each individual’s successful academic and athletic experience, but their personal life as well. All student-athletes must be mindful that at all times they represent Northwest College and its athletic department, as well as their individual teams. Upperclassmen have the responsibility to serve as exemplary role models for new student-athletes.

Each Student-Athlete Shall:

- Be officially enrolled in a minimum of twelve (12) semester credit hours during each semester they are in attendance at NWC.
- Meet all academic responsibilities including attending class regularly, turning in assignments, interacting appropriately with faculty, meeting with college and faculty advisors and making a commitment to academic integrity.

Athletic Eligibility

A student-athlete will be eligible to represent NWC provided he or she meets the provisions as set out in the official NJCAA Handbook. The main provisions are outlined below, however, this list is not all-inclusive and student-athletes are encouraged to discuss questions about eligibility with their respective coaches. It is the responsibility of the student-athlete to know and understand the basic rules that govern athletic eligibility.

In addition, the second year athlete must maintain a cumulative grade point average (GPA) of 2.00 during any semester of participation. The 2.00 GPA must be for all college credits beginning with the first semester of enrollment in the first year of participation.
