NORTHWEST COLLEGE BUDGET MESSAGE FISCAL 2019-2020 BUDGET

Presented herein is the annual budget for Northwest College, State of Wyoming for the fiscal year 2020. Fiscal 2020 marks the second half of the biennium budget cycle for the State. Economic decline is still a big concern statewide, especially in the mining and extraction segment of the state economy. These declines translate into reduced tax collections and result in budgetary reductions at the state and regional level.

For Northwest College, local levies are projected to increase slightly, but state funding reductions and further enrollment declines have resulted in projected college-wide budgetary shortfalls. Unrestricted operating revenue was originally projected to decline by 1.6 million dollars but with increased dual enrollment waivers and the loss of supplemental appropriations (benefit reimbursement) from eliminated positions reductions now total 2.1 million dollars. Auxiliary revenue is budgeted to decline by \$820,248. In total, campus budgets are projected to decline by 2.9 million dollars or 12% over last years budget.

The Mission of Northwest College, to be Student Centered, continues to provide the foundation from which the budgeting process must begin. The Vision 2020 Strategic Plan, with strategic initiatives of experience, connections, and environment, provides further direction for focusing our budgetary resources.

The President, in consultation with the Board Finance Committee and campus employees, developed a list of considerations that served as a guiding document in the budgetary process.

- Support Service Program Reviews- Central Assessment Team and Institutional Effectiveness Committee work relating to Support Services assessments will be reviewed, and recommendations will be analyzed to determine the viability of implementation
- Instruction, Student Services, Administrative Services, and College Relations review all campus operations for continued program support, potential service changes, reductions, or eliminations
- Academic Programs No academic program eliminations
- Competitive and Co-Curricular Activities- Review, streamline or reduce activities
- Attrition and Retirements Reduce or reallocate positions to regulatory or highest operational need
- Compensation- Compensation will continue to be reviewed for market premium shifts
- Reserves or Early Retirement Special Offers Reserve utilization may be considered only to transition away from existing operations. No special offering provided for early retirements
- Space Utilization- Facility use must be reviewed for optimal utilization and potentially closed

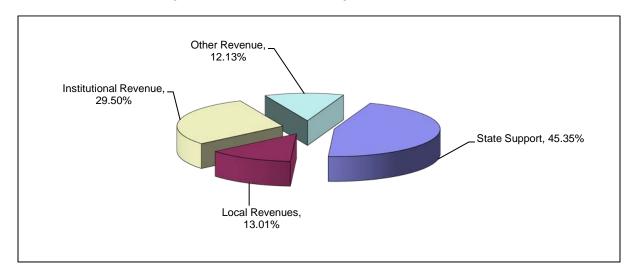

REVENUE OUTLOOK

Current Funds

Current funds include unrestricted operating funds (including community service and continuing education), auxiliary funds, one-mill funds, and restricted current funds. Budgets are presented

as balanced with strategic use of surplus balances transferred to reserves or prior carry over balances used for budgeted deficits.

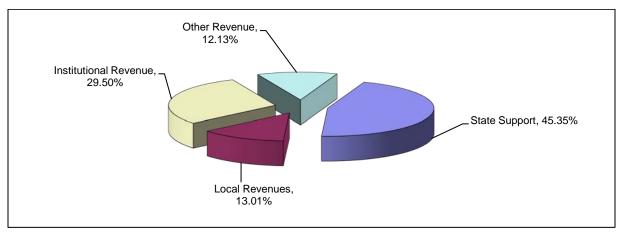

Current fund revenues are subdivided into four categories of sources; state support (general and area-specific support and ABE/GED/ESL), local revenue (four-mill, motor vehicle, and one-mill levy), institutional revenue (tuition, fees, and auxiliary revenues), and other revenue (gate receipts, investment income, misc. deposits, restricted revenue, and carryover). The percentages from each of these categories for the FY2020 budget are listed below:

Unrestricted Operating Fund

The unrestricted current operating fund represents the largest portion of the educational and general operational, financial activities of the college. Its revenue is largely determined by the Funding Allocation Model of the Wyoming Community College Commission, which establishes funding levels for the Wyoming community colleges in part based on fixed and variable costs, enrollment, weighted credit hours and degree attainment.

As a part of the current funds, operating fund revenues are also subdivided into four categories of sources; state support (general and area-specific support and ABE/GED/ESL), local revenue (four-mill and motor vehicle), institutional revenue (tuition and fees), and other revenue (gate receipts, investment income, misc. deposits, restricted revenue, and carryover). The percentages from each of these categories for the FY2020 budget are listed below:

Unrestricted Revenue

We are anticipating an increase in our block State appropriation of approximately \$185,000 and additional funding for nursing salaries (WylN) of \$28,000. We will not budget for recalibration/redistribution monies as they are unknown at this time. This increase is offset by a reduction in State appropriations used for the reimbursement of health insurance premiums (approximately \$340,000).

Local tax revenues are projected to be approximately \$2.9 million for the 4-mill levy and \$800,000 for the 1-mill levy for FY2020. The county will continue to watch revenue projections closely as they are stabilizing, but growth has been slow and current projections reflect 1-2% growth.

Projected institutional revenues from tuition and fees are anticipated to decrease by \$771,000 due to decreased enrollment. The College has elected to utilize projections based on current enrollment trends.

Restricted Revenue

Restricted revenues reflect projections for grants and other fund revenue that we are currently holding or for which we have already received authorization, such as Pell, SEOG, and Federal Work-study funds. Most competitive federal grant award years do not start until August or September and will be added in our first quarter budget adjustments.

Carryover

Carryover refers to funds that are budgeted, not fully expended, and will be carried over to the following budget year. Examples include projects started but not completed by year-end. Minimal carryover is expected for fiscal 2020.

Reserve utilization

Reserve utilization is the use of prior year reserves in the following year to support short term needs or transitional change. Reserve utilization is expected to be limited.

Auxiliary Enterprises

Residence hall and Trapper Village apartment rates were reviewed, adjusted, and approved, and will be increased to address decreased occupancy levels. Dining rates were increased by 3.0% and a new Dining Service provider contract is in development. All other Auxiliary Fund areas were budgeted to cover operational costs and remain affordable to our students.
