

Outdoor Adventure Club Fall 2022- Spring 2023

I created this video compilation to showcase all the amazing things that happened with the Outdoor Adventure Club and the Outdoor Program here at Northwest College these past two semesters. In part I wanted this video to reveal the other side of NWC. Besides the books, lectures, homework and stressful assignments, the purer side of college. The world of hiking, climbing, camping, skiing and just plain adventuring getting outside and making memories.

“The sun will rise and set. What we choose to do with the light while it’s here is up to us.
Journey wisely.” -Alexandra Elle
