Ashley Howe, ashley.howe@nwc.edu, photography, Powell;
Tala Jarecke, tala.jarecke@nwc.edu, photography, Powell;
Katelynn Lowry, Katelynn.lowry@nwc.edu, photography, Worland;
Jaycie Roberson, jaycie.roberson@nwc.edu, photography, Cody;
Hailey Stutzman, hailey.stutzman@nwc.edu, photography, Dayton;

Abstract – Final Portfolio Presentation

This is the final phase of the “Professional Portfolio” series. At this level each student selects an area of interest that best represents their area of specialty from the following:

- Editorial Media Photography
- Studio Illustration
- Portraiture

Students will share their final professional portfolio dossiers which are based primarily on their specific area of interest. Each portfolio will include a minimum of ten photographs, a resume, business card and professional biography with outline their professional goals and business plans. The portfolio presentation will demonstrate the academic rigor and focus on excellence expected from graduates of the Northwest College Photographic Communications program with a AAS degree.

During the semester this class has emphasized preparation for entering into the professional photographic work force. All photographic images, video presentations and audio components included in their final portfolios are original work. During the student showcase, each student will share their images with attendees and answer questions regarding their work and future career goals.
